

PUBLIC LEDGER

SIXTH YEAR.

MAYSVILLE, KY., FRIDAY, JULY 23, 1897.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can give his customer free gifts of goods or shoes. A newspaper is a business, and its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

UPON THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Nuptials,

ceremonies, fairs, or other public entertainments where a fee is charged, and for obituary notices, resolutions of respect, etc., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the unchangeable rate. This, however.

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Notice in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—52 times—the bill is \$26. When he finds it out there is a "kick" and a controversy, followed possibly by an icy tearing. Now, to obviate this trouble, "I'll tell you" editors will be successful hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

ALL matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have an item of news, please call UP THE LEDGER, Telephone 33, and send it in.

We Must Make Room

In anticipation of a big fall trade, and realizing that goods pertaining to our lines will advance in great many ways already, we bought early and largely. We are already beginning to receive shipments. Moreover it will not be long before our great line of Men's Shoes will come in, so you see we must make room. Now, if you will look in our windows and see the line of suits we are offering at \$10 you will assist us in making room. All of our Fancy Cheviot Suits, in Checks, Plaid, Stripes, etc., suits that we sold at \$18, \$16 50 and \$15, go in this sale.

No house in the state ever did or ever will offer a line of Suits like these for the price,

:-: \$10.00!

It is the greatest sacrifice sale we ever made, but as our patrons will be benefited, and it secures us more money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on our more medium grades, but the entire stock will be sold at proportionate prices.

Please bear in mind this: No Suit will be sent out on approval. No Suit will be charged. Only

:-: CASH!

Will buy the goods during this sale. Money, however, will be cheerfully returned if goods don't suit upon home examination.

MAYSVILLE LOST.

Costly Errors Gave the Game to the "Indians."

PIATT A WONDERFUL PITCHER.

Yesterday's game was one of the best ever played in the Knoxville cigar-box.

The Maysville team pitched Wiley Piatt, and had he been given the proper support it would have been a clean shut-out for the Knoxville "Indians."

The lack of team work is noticeable among the Maysville players, but with a good practice this morning it is hoped they will be ready and in better shape to drub the Moffettes this afternoon.

Following is the special report of the game from our accredited representative:

Special to The Public Ledger.

You may hunt the world over and you will not find another medicine equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. It is pleasant, safe and reliable. For sale by J. Jas. Wood Druggist.

Elsewhere will be found the announcement of Mr. George W. Oldham, for the office of City Assessor. Mr. Oldham is a lifelong citizen, and in every way qualified for the duties of the position. Besides, he is deserving and worthy the support of every citizen. This we believe, is the first public favor he has ever sought, and THE LEDGER speaks for him that cordial support to which he is so justly entitled.

ANOTHER WRECK.

A Couple of C. and O. Freight Trains Come Together Last Night.

Last evening C. and O. freight in charge of Engineer Blunt had a head-on collision with another freight in charge of Engineer Quinlan.

The accident occurred at New Richmond, and was the result of a misunderstanding of orders.

Both engines were considerably damaged, and five or six cars were broken up.

Detective E. W. Fitzgerald, who was on the Westbound train, received a couple of scalp wounds, but he is not dangerously hurt.

No. 4 was delayed more than an hour.

This is Amateur night at the Park. A host of volunteers. Fun by the bushel.

The Maysville Produce Company yesterday shipped 9,000 dozens of eggs to the Eastern markets.

Dr. J. S. Hays has returned from a very enjoyable visit to his friends in Pennsylvania, and will occupy his pulpit as usual next Sabbath morning. In the course of this service the communion of the Lord's Supper will be administered, and the members of the church are requested to take notice of this fact.

Ottie Dora, "Red" Costello, James Hason and another man whose name could not be learned broke into Jackson's Photograph Gallery on Limestone street Tuesday while Mr. Jackson was at dinner. Dora, who is herself a photographer, undertook to photograph the rest of the gang, but the chief aim of the whole set seemed to be to break the fingers of the gallery and play havoc generally.

THIRTY DAYS LABOR.

This is the Dose a Couple of Streetcar Obstructors Got Yesterday.

Mention was made yesterday that Dick Cummings, a seventeen-year-old chap, had been arrested for stealing the "bond wires" out of the streetcar track in the neighborhood of the Cemetery and Fairgrounds.

He had a hearing before Judge Hutchins, and afterwards before Judge Hutchins, when he "fessed up to repeated thefts, at the same time implicating Lewis "Bud" Wilburn, who is a year older.

The latter also pleaded guilty, and Judge Hutchins fixed their punishment at 30 days each in Jail with hard labor attached.

For about a year past the Street Railway Company has been annoyed by these petty thefts.

The worst feature was that the removal of the "bond wires" occasioned the burning out of armatures, the cost of replacing which is some \$20.

The thieves would sell the copper wire to junk dealers at 4 cents a pound.

Now that the originators of this trouble are behind the bars, it is hoped they will have no successors.

People who have been standing on the corners "cussing" the cars for not running more regularly can now appreciate some of the disadvantages under which they have been laboring.

ADJUDGED INSANE.

Mr. F. C. Petry the Well Known Cigar Manufacturer of Unsound Mind.

Yesterday afternoon, before Judge Hutchins and a Jury, Mr. F. C. Petry was adjudged insane.

Mr. Petry is about 50 years of age, unmarried, and has been a resident of this city for nearly thirty years.

For a long time he has been engaged in the manufacture of cigars, in which he has been quite successful, having accumulated an estate of about \$40,000.

His ailment has been manifest for several months, but not until within the past few weeks has it been considered imprudent to let him go unrestrained.

In common with his many friends THE LEDGER regrets the misfortune of Mr. Petry, and hopes that careful treatment may restore his mind.

Among other vagaries he imagines that he owns all the railroads in the United States, has money in various banks, and controls other vast properties.

The Court appointed A. M. J. Cochran, Esq., a Committee to take charge of his person and estate, and he gave bond with Robert A. Williams D. and Horace J. Cochran sureties.

Mr. Cochran, in company with Chief Ort and Captain John T. Martin, last evening took Mr. Petry to Cincinnati, where he will be placed under treatment.

Eyesight

Is of such great value that one ought to take more than ordinary precautions to guard against every possible trouble.

If you have even a remote suspicion that there is any trouble with your eyes it will be for your own best interests to have your vision tested and trouble, if any, removed.

Very simple troubles may develop serious results if not properly treated.

Ordinary failing eyesight receives our most careful attention, both as to glasses and frames.

It's just as important to have the right frame as the right glass, and from our large stock we can give you the correct thing in either Gold, Silver or Steel.

We make no charge for examinations, and if yours is a case requiring the services of an oculist we will frankly tell you so.

RUGGLES CAMPMEETING.

WHAT THE LEDGER SCRIBE SEES AND HEARS THERE.

RUGGLES CAMPMEETING. July 28, 1907.

Editor Ledger: "Prof. Crabbe has come." The words passed from one to another and from cottage to cottage, for his presence on the grounds is always greeted with joy by both old and young, because the children love him and we all love him. Never was any man more highly gifted than he. We all became captivated with him on his first visit among us, and we remain his captives. And his devoted wife is a helpmate indeed, and as they sing together it is soul charming. Don't miss coming to hear them. They came last night, having closed an engagement in Michigan, and as soon as our meeting closes they go immediately to Epworth Heights.

Our meeting opened under the most favorable circumstances, beautiful weather, the grounds still more beautiful than ever before and everybody feeling joyous and happy. Only one service was held. This was at 10 a. m., and it was a consecration service led by the Presiding Elder, Bro. Frenger. At this service there was an amusing incident occurred which detracted somewhat from the seriousness of the meeting. In the latter part of the year there is always fresh, new straw spread underneath all the benches. This keeps down the dust and makes it very pleasant to your feet. So two of Bro. Plummer's best men, discovering this, concluded it would be a fine place for nests, and sitting their action to the thought, soon nestled down to lay. But they got through too soon; and while we were kneeling in prayer their two henships set up a cackle, cackle, cackle, and made so much fuss that we couldn't hear the brother pray, and so our good Bro. Harrop got quietly up to drive them out from under the benches, and now don't you think, the brethren turned on him and accused him of going to hunt the fresh eggs. Well, now, is it to be wondered at, when a preacher has to live on store eggs for a whole year, that he should seize such a golden opportunity to get some true fresh ones? No, no; everybody says it is.

The cottages are gradually filling up, and although we miss some familiar faces, yet there are others to take their places, and I think we shall have one of the most pleasant and most profitable campmeetings ever held on the grounds.

The arrivals so far are as follows: Mayville—Rev. F. W. Harrop, I. M. Lane, Nannie Lane, Mrs. Morris, John Crane and family, G. N. Harding, Miss Nannie Beasley, Miss Maggie Beasley, Mrs. Joseph Dodson, Miss Agnes Dodson and two sisters, Harry Richardson and wife, John Cobb, wife and daughter, Mrs. John Brodt, Mrs. T. Lowry and daughter, Mrs. William L. Schatzman and children, Mrs. M. McClanahan and family, Mrs. John Alexander and two daughters, Mr. King, Mrs. Lee Gray, Mr. Ernest Daulton and wife, Mr. Bob Politt and family.

Covington—Rev. G. R. Frenger, Presiding Elder.

Fleming—Rev. William Jones, wife and daughter.

Vanceburg—Mr. R. Fitch and wife, Mrs. Bittman.

Mt. Carmel—G. A. Kelly and family, Mrs. Captain Kelly.

And so they come and come until our cottages will soon be filled. M. J. W.

For the Construction of Toll Roads in Alaska.

Rights of Foreign Vessels to Traverse the Upper Yukon River.

A Heavy Run on Internal Revenue Collectors for Beer Stamps—Preparations Being Made to Put the Tariff Act Into Operation at Once.

WASHINGTON, July 28.—Senator Carter, from the committee on territories, Thursday reported favorably a joint resolution authorizing the construction of toll roads in Alaska. The resolution authorizes the secretary of the interior to grant right of way 200 feet wide. Franchises are to be limited to 30 years. The rates of toll are to be approved by the secretary of the interior, and the roads are to be otherwise under the supervision of the secretary. The resolution applies to trails, wagon roads and other highways.

A question has arisen in the treasury department as to the rights of foreign vessels to carry passengers and freight on the Upper Yukon river to the Klondike gold fields. The question has been received from the owners of the Canadian steamer Islander for permission to carry passengers and freight to Dyea. The matter has been referred to the solicitor of the department for an opinion, but it is believed that under existing laws the Islander can not proceed beyond Juneau, and that the trip to Dyea must be completed in an outfit.

The Islander will clear from Victoria.

WASHINGTON, July 28.—There has been a heavy run on collectors of internal revenue in all of the larger cities of the country by brewers who are purchasing beer stamps in large quantities, and the 75-cent discount now under existing law, in anticipation of the final passage of the tariff bill, which repeats the discount now allowed. The question of whether the beer stamps purchased now can be affixed to barrels of beer after the passage of the tariff bill in payment of tax of \$1 per barrel that has been presented to the commissioner of internal revenue, but that officer has declined to render any decision upon the hypothetical question, stating that the matter will be passed upon only when an actual case is presented for his consideration.

The regulations received from collector James C. Lister, at Louisville, the largest in the history of the bureau, aggregating over \$1,200,000, and Thursday those figures have been exceeded, the figures now aggregating \$1,500,000. The policy of the bureau has been to order stamps of all kinds only as fast as they were required to meet the requirements of the law, and no steps were taken to prepare for such run as has developed. In consequence, the supply of stamps in vaults is running very low, and it has been found necessary to cut down the requirements from collectors so that sufficient stamps might be kept on hand to meet the legitimate demands of the law.

WASHINGTON, July 28.—The treasury officials have made preparations to put the tariff bill into operation as soon as they receive the signature of the president. Copies of the bill have been sent to customs officers throughout the country in anticipation of its passage, and it is expected that all will have reached their destination by such time as the bill has become law. Collectors also have been instructed to make the change from the old law to the new, upon receipt of trustworthy information, official or otherwise, that the bill has received the president's approval. Officials who have given out pending bills are scrutinizing state that it is exceptionally free from ambiguities and inconsistencies, and little trouble is anticipated in formulating regulations governing its administration.

WASHINGTON, July 28.—Representative C. V. Wadsworth, of Pennsylvania, was chairman of the committee on coinage, weights and measures of the late house, Thursday introduced in the house a bill to authorize the appointment of a monetary commission and to provide for its expenses.

WASHINGTON, July 28.—It was understood at the capitol Thursday that the president will send in his currency commission message immediately after the tariff bill is signed.

WASHINGTON, July 28.—The senate Thursday continued consideration of the tariff conference report. Children of Texas, and Jones, of Arkansas, made extended speeches against it. Thomas R. Turley, of Tennessee, was sworn in as Harris' successor.

Disgraced Husband and Father.

CHICAGO, July 28.—Dewitt Compton, a peddler, who had lived unhappily with his wife, attempted to shoot her Thursday night. His revolver went off, and he was wounded in the head with the butt of the weapon until he believed her dead. He then went to the room where his two-year-old boy was sleeping, and putting a handkerchief around his little one's neck, twisted it until life was extinct. He then attempted to cut his throat with a razor. It is likely that both Compton and his wife will recover.

Ship for the Gold Mines.

PORT TOWNSEND, Wash., July 28.—A company has been formed here which will charter a tugboat to make a range of eastern Washington and Oregon to purchase a thousand head of sheep, which will be shipped north and driven to Dawson City to supply material to the miners.

SAN DIEGO, Cal., July 28.—John T. Gordon, a prominent fruit grower in El Cajon, and who built the first street car system between Oakland and Alhambra City, near Pittsburg, Pa., has died suddenly of heart disease at his ranch. He came from Pittsburg in 1897.
